Use Zone: 41' x 32'

Play Mart's Saanich Fire Truck Recycled Playset is a guaranteed attention-grabbing structure that can be installed at a recess area or park space. This entry into Play Mart's Mega line is a huge play space that faithfully recreates the look of a fire truck. From the blazing red paint and instrument panels to the yellow ladders and turnable steering wheels, this facsimile automobile will have kids excited to start imagining they are brave professional men and women speeding off to save lives. Dramatic play opportunities are important to include in a playground. These imagination locations permit kids to creatively engage their minds and enhance socializing and cooperation to set scenes. In addition to encouraging heroic storytelling, this multi-leveled structure also offers a host of neat activity panels, slides, and climbers. A Double Slide can be ridden down alongside a friend. There is a Gas Pump Panel, a Tic-Tac-Toe game, and a working bell. Kids will get hours of fun out of this commercial-grade structure on every visit!
