

Outdoor Social Distancing Environment: Bench Package

MSRP \$12,782.00

SALE \$10,865.00

Highlights:

- 30-foot x 20-foot Rectangular Shade Shelter protects against rain or shine
- Includes nine strongly built 6-foot benches
- Post-Mounted Hand Sanitizer Holder for disinfecting
- 32 Gallon Regal Standard Trash Receptacle

In these unprecedented times, it is important to find ways to help facilitate safety and wellness wherever possible. Designed with social distancing in mind, this package offers everything needed for an outdoor classroom or recreational setting. The Outdoor Social Distancing Environment: Bench Package is kept cool, comfortable and out of the weather by a 30-foot x 20-foot shade with an 8-foot entrance. The size and rectangular shape allow enough room for each of the 9 included 6-foot UltraLeisure Style Park Benches without Backs to be spaced 6 feet apart. The benches provide a clean and durable seat for students to study or eat lunch. Cleanliness is key and made much simpler with the included lidded 32 Gallon Regal Standard Trash Receptacle (liner sold separately). When placed nearby, this sturdy trash receptacle helps collect litter to keep the area tidy. And finally, a Post-Mounted Hand Sanitizer allows students and staff to disinfect their hands as often as necessary, encouraging a more hygienic learning space. This package aids schools or parks in meeting new standards of learning and socializing.
