CPSC PUB #325

Your park or playground will be filled with the joyful sound of laughter once school-age kids spy the Freestanding Curved Post Standing Orbital Spinner from Playground Equipment Dot-com. This amusing ride permits one child at a time to stand atop its platform, hold onto the handlebars, and rotate in full circles. A user can either build momentum themselves to keep the fun going or employ a friend or grownup to periodically give them a helpful push. No need to worry about anything getting to an unsafe speed either. This commercial-grade outdoor unit employs speed regulating technology to keep the spins at a measured pace fast enough to be thrilling without putting anybody at risk. As kiddos twist about, they'll have the chance to also finetune their sense of balance and build up strength in their core, legs, and arms. The Freestanding Curved Post Standing Orbital Spinner is available in a variety of attractive powder-coat painted finishes. If you prefer a color other than what's shown here, just speak with one of our customer service representatives to learn more about other options and arrange scheduling.
