

Portable Steel Tetherball Set

Price \$975.00

Highlights:

- Portable base for easy use and storage
- Suitable for indoor and outdoor surfaces
- Includes pole, ball and rope
- Powder-coated steel offers durability and weather-resistance

Play this popular playground game anywhere with the Portable Steel Tetherball Set by Gared. This portable tetherball unit is suitable for indoor and outdoor use. A 2 3/8-inch steel post is secured to a mobile base, which is powder-coated blue with a PVC edge trim. This system includes a standard tetherball and a 9-foot 10-inch nylon rope. Tetherball remains a classic and popular game for a reason. It only requires two players, making it easy to get a game together. And it is easy to practice alone. Additionally, tetherball requires very little space, allowing it to fit into many smaller spaces, especially indoors. Tetherball is a fun activity for all ages and skill levels and provides a great workout. This unique portable version by Gared can be easily stored and rolled back out for physical education classes, recess and so much more. Once people learn how to play tetherball, they'll never stop!
