

Soccer Goal Corner Flag Set

Price \$60.00

Highlights:

- Helps players denote boundaries
- Red color makes flags easy to spot
- Included in-ground anchors secure it in place
- Great for beginners

Finish your outdoor pitch with the Soccer Goal Corner Flag Set from Gared. These flags are perfect for schools, travel teams, or other organizations that need to mark the field of play. Sometimes the emotion of the game and intense focus can cause players to lose track of their surroundings. These flags help remind athletes to stay in-bounds while simultaneously keeping substitute players out of the field of play. They can also be used for corner kicks and drills so players can condition or practice their dribbling. Covered in a magnificent red, the flags can be seen from a far distance to clearly establish boundaries. This makes it a superb item for children and beginners who are new to soccer or learning the rules. Additionally, the units come with in-ground spikes to securely affix them to the soil, allowing them to handle rigorous play.
