

## Hoopmaster Recreational Portable Basketball Goal

**Price \$9,750.00**

### Highlights:

- Wheels in base make it easy to move
- Adjustable to three different playing heights
- Uses a simple spring-loaded lift-and-set system
- Includes a high-quality acrylic backboard

Challenge the space limitations of any court with the Hoopmaster Recreational Portable Basketball Goal by Gared. The base of this unit houses four wheels, two swivels and two rigid, and a minimum of 600 pounds of ballast weight for stability. Additionally, it is covered fully in vinyl padding to protect players and reduce the risk of injury. The spring-loaded system uses a simple lift-and-set tension method for easy setup and breakdown and does not require any anchors. This portable basketball goal has 8, 9 and 10 foot preset playing heights but can be folded to fit through standard double doors for storage. This system includes a durable 72 inch Gared Collegiate Breakaway acrylic backboard and is suitable for recreational use for all ages. The Hoopmaster Recreational Portable Basketball Goal is ideal for school gyms and other recreational centers catering to multiple sports and interests.
