

Heavy-Duty One-Court Round Portable Badminton System

Price \$1,950.00

Highlights:

- Heavy-duty base offers longevity and stability
- Base includes wheels for portability
- Includes a regulation nylon mesh net
- Built with steel finished in powder-coating for durability

Badminton is a net sport, similar to tennis, that is played all over the world. It can be played on courts or lawns, as singles or doubles, and competitively or recreationally. Add this dynamic sport to the lineup with the Heavy-Duty One-Court Round Portable Badminton System. This unit includes 2- $\frac{3}{8}$ inch round steel uprights, powder-coated for resistance to weathering and rust. These posts are securely welded to a 140 pound base with polyurethane wheels, allowing the $\frac{3}{4}$ inch nylon mesh net with vinyl lining to be safely stabilized while remaining portable. The 21 feet long x 2- $\frac{1}{2}$ feet tall badminton net and steel components meet the international specifications and regulations for play, making it perfect for competitive or recreational use. Just add rackets and shuttlecocks, and you're ready to roll with the Heavy-Duty One-Court Round Portable Badminton System.
