

## Hexagon Shade Shelter

**Price \$6,325.00**

### Highlights:

- Six-sided shade shelter
- Fits more circular areas
- Choose glide elbows to make removing the fabric easier
- Helps to keep your other equipment out of the elements

---

Due to the large sizes of the Hexagon Shade Shelter, this shelter is able to cover large areas of space. With sizes starting at 20 feet in diameter reaching up to 40 feet in diameter, this shade structure is perfect for covering picnic areas, playground equipment, pool areas, sand boxes, or places you just want extra shade. The sturdy frame pulls the fabric tight, keeping it in place. Glide elbows are optional. Glide elbows make the installation and removal of the fabric a simple process. Using glide elbows is beneficial when you are in a hurry to remove the shade due to inclement weather. Available in twelve colors, the Hexagon Shade Shelter is designed to fit in with any equipment you already have. By installing a shade structure in your area you are providing patrons with a comfortable place to relax as well as relief from the hot sun.
