CPSC PUB #325

This Freestanding Teepee Hideout makes a fun and unique addition to any themed playground. Made from galvanized steel, powder-coat finishes and polyethylene plastic, this structure is sure to last many years and resist weathering and discoloration. This one of a kind hideout is the perfect place for children to play or socialize. The Freestanding Teepee Hideout has two different levels and provides several areas of enrichment. A small rock climbing wall and an entrance to the top level can be found on three sides. And a Bubble Panel and entrance to the bottom will be found on another. Openings at the peak of the teepee allow children on the highest platforms to observe their surroundings and greet their guardians. This structure makes a wonderful meeting place for children, providing a great sense of security once inside. It can also provide much-needed shade in sunny areas, which helps protect from UV ray exposure. The Freestanding Teepee Hideout has a naturalistic design and can be combined with other themed play equipment to curate an immersive experience for children of all ages.
