ASTM F1487-17

CPSC PUB #325

When it comes to purchasing playground equipment, you shouldn't need to sacrifice safety for fun, and the One Wheelchair Capacity Accessible Merry Go Round offers both. Featuring galvanized steel guardrails, this piece of equipment is built to last, and will serve as an inclusive, easily accessible lightning rod for fun. The Wheelchair Accessible Merry Go Round offers a great activity for children ages 2-12, and is especially fun for children with physical disabilities, or for those who simply may not be able to get around as easily as other kids. This equipment is partially enclosed by steel guardrails, which offer something for kids to hold onto as they sit or stand while spinning on the merry-go-round. Kids will love watching the world fly by as they hang on tightly to the steel guardrails, which, along with the durable materials it's made from, help make the Merry Go Round a safe, high-quality piece of playground equipment.
