ASTM F1487-17

CPSC PUB #325

If your outdoor site has some space that needs to be filled, the Flower Stepper with Leaf is a great option to consider. The Flower Stepper has a vibrant and unique design that's sure to pull kids in and keep their attention; letting their imaginations take hold by making them feel like a bug climbing up onto a flower. Steppers are an exceptional fit for any playground, since they contribute to a child's development and motor skills. Additionally, this commercial-grade product is perfect for smaller children, and its relatively short height makes for a great introduction to play experiences that are safe and fun. Made from durable, weather-resistant materials like powder coated galvanized steel, the Flower Stepper with Leaf can be effectively incorporated into any site with an exciting and relaxing theme. The Flower Stepper with Leaf will make a great addition to any park, school, church, or other outdoor space.
