Whether you're hosting a party or other outdoor event, there's always a risk that rain or other bad weather could arrive unexpectedly and ruin the fun. If you're in need of an outdoor umbrella that minimizes the effect of rain and keeps your user dry, look no further than the Single Post Waterproof Umbrella. Manufactured by Superior, this umbrella can be further customized with different color options, as well as a square or hexagon shape. The fabric that the Single Post Waterproof Umbrella utilizes is made of UV stabilized cloth, granting the users maximum protection from the sun's harmful rays. As its name suggests, this umbrella is totally waterproof, making use of Superior's RainGuard Waterproof Fabric, although in case of hail or high winds, this fabric can be quickly and easily removed to avoid sustaining damage. However blue or grey the skies are looking, the Single Post Waterproof Umbrella will have you and your guests covered.
