COMPLIES With:

ASTM F1487-17

CPSC PUB #325

The 3-Section Chain Link Wall is ideal for long and narrow playground spaces and offers a safe climbing height for all ages. The heavy-duty molded plastic panels provide durable and safe equipment to climb. Multiple post and panel color options are available. Our office will assist with your color selection at the time your order is finalized. The maximum fall height of the climber is 56 inches when installed over wood fiber, rubber nuggets, or other playground surfaces.
