Age Group: 5 to 12 years

Use Zone: 58' 3" x 73' 11"

COMPLIES With:

ASTM F1487-17

CPSC PUB #325

Truly massive in size and the variety of physical exercise it enables, the Premier Kids Gym will challenge kids to get active on any one of its sixteen components. This course includes kids fitness equipment that, when arranged properly, will form an effective exercise circuit. Let kids challenge their upper body strength using the Freestanding Rope Climber or the Twin Pole Climber, or test their foot movement and agility with the Jump and Dip Agility Course or the Agility Pole Course. Taken together, the Premier Kids Gym will turn any outdoor area into one in which young athletes can thrive. The commercial-grade materials that comprise the Premier Kids Gym allow the equipment to be placed outdoors, without fear of excessive wear and tear.
