When it comes to outdoor fitness equipment, few are more straightforward than the Twin Pole Climber. Another addition to PlaygroundEquipment.com's line of kids outdoor fitness equipment, the Twin Pole Climber is an effective physical fitness trainer that works a variety of muscle groups. For young sports players, developing one's grip strength, shoulder strength, and core strength are all important aspects of becoming a successful athlete. Fortunately, using the Twin Pole Climber exercises all three of these muscle groups, making it a great addition either on its own or as part of an outdoor fitness circuit. With poles at a 45 degree angle, kids will face the challenge of reaching the top of the Twin Pole Climber. Young athletes will love the competitiveness inherent to the Twin Pole Climber, which allows them to compete against a friend to see who can reach the top fastest.
