Use Zone: 13' 1" x 16' 11"

COMPLIES With:

ASTM F1487-17

CPSC PUB #325

Let the good times roll with this exciting piece of outdoor fitness equipment from PlaygroundEquipment.com. The Kids Log Roll is a small yet enticing play element that children will have no trouble using to its fullest potential. The 'Roll' aspect of the Kids Log Roll refers to the fact that the plastic 'Log' is no stationary object; rather, it rotates with the user's foot movements, providing an exciting challenge for kids trying to maintain their footing. What's more, the steel bar above the moving, cylindrical wheel helps children maintain their balance and keeps them from falling off. The steel bar can also be used by especially agile children to pull themselves up, allowing them to sit on the bar and rest a bit. There's no shortage of fun to be had on the Kids Log Roll, a great addition to any playground or outdoor space.
