Footprint: 1' 7" x 5' 4"

Use Zone: 13' 7" x 17' 4"

COMPLIES With:

ASTM F1487-17

CPSC PUB #325

The Pull Up Ladder is a versatile piece of outdoor fitness equipment that young athletes and kids in general will greatly appreciate. Boasting nine vertical bars, including a curved one at the top, the Pull Up Ladder provides a means by which children can climb up and down. The bar at the top of the unit allows for kids to stand on the second-to-highest bar and perform pull ups, or simply gaze out at the rest of the area from their high vantage point. The other half of the Pull Up Ladder is quite low to the ground, and allows for smaller children to get in on the climbing action. There's no shortage of active fun to be had using the Pull Up Ladder, a wonderful option either on its own or as part of a fitness training course.
