While swings and slides are crucial to have on any playground, perhaps equally important for children is the ability to engage in activities that will allow them to hone their balance. A product offering from PlaygroundEquipment.com's series of children's fitness equipment, the Balance Pebble Course facilitates active, balance-oriented fun for young athletes and kids in general. The Balance Pebble Course will inspire kids to climb and step up onto the various Pebbles, which can be arranged in any order; however, perhaps the ideal arrangement is to put them in a straight or slightly jagged line. The Balance Pebble Course is a great standalone addition to most playgrounds or outdoor fitness areas, but it can also be utilized as part of an outdoor fitness course.
