COMPLIES With:

ASTM F1487-17

CPSC PUB #325

The Freestanding All-Out Chain Link Wall is a variation of our Chain Link Circle. Younger children that enjoy climbing activities welcome the heavy-duty design for socializing and developing gross motor skills. A safe level of playground surfacing must be installed for this climber to ensure the four-foot fall height is safe. Multiple post and panel colors are available. A sales associate will provide color options when a final order is processed.
