---

With the Angeles Activity Cart Cover, you can rest easy knowing that whatever you store in your activity cart will always be covered. When you have items like basketballs, clothes, or others that tend to go in carts, it's crucial to keep them safe and dry with the help of a plastic cover. The Angeles Activity Cart Cover measures 12" x 12" x 3" when folded, so it's plenty big enough to cover carts and ensure that their contents aren't sullied by water, rain, or other factors and elements. Additionally, the Angeles Activity Cart Cover is great for keeping things organized around the gym or locker room, and helps to ensure that whatever items you store will remain safely in the cart.
