### COMPLIES With:

ASTM F1487-17

CPSC PUB #325

### ADA Compliant

Add another layer of fun to your playground with Pegasus Perch, another offering from PlaygroundEquipment.com's Castle Series. With no elevated features, Pegasus Perch is perfect for children with disabilities, as well as those who lack the ability to surmount stairs. The Ball Maze Panel offers children a chance to test their hand-eye coordination as they guide a small, metal ball through a series of twists and turns, while the Clock Panel provides a simple, intuitive way for children to learn how to read an analog clock. The Plinko Panel facilitates even more fun, allowing kids to play an exciting game of plinko. Rounding out the features of Pegasus Perch is the castle roof, which provides ample shade as well as a natural hang-out location for kids on the playground. Pegasus Perch is simple yet versatile, and will make a great addition to any playground.
