CPSC PUB #325

ADA Compliant

Another offering from PlaygroundEquipment.com's Castle Series, Genie's Gem is no ordinary play structure; its distinct, castle-like exterior as well as its wide range of activities will make it the crown jewel of your playground. Starting on the ground level, children will immediately be drawn to the Single Drum and the Bongos, which they can use alone or in collaboration with a friend to create a catchy, percussive beat. Using either the stairs or the Funnel Tube Bridge, kids can make their way up Genie's Gem. Once elevated, children will relish the opportunity to play with the Pinball Activity Panel as well as the Gear Panel, both of which will serve as engaging avenues of play. The Bubble Panel serves as a literal window to the rest of the playground, while the Straight Slide offers a simple, convenient means to whoosh back down the ground.
