### COMPLIES With:

ASTM F1487-17

CPSC PUB #325

### ADA Compliant

Dive into the depths of mischievous magic with Magician's Mischief, another addition to PlaygroundEquipment.com's Castle Series. Compact yet chock full of exciting features, this unique play structure bears a thematic, castle-like design that's sure to foster the creative energies of all children who play on it. Starting at the ground floor, Magician's Mischief offers kids the chance to craft their own percussive tune with the Bongos, or rotate the Rain Wheel to help envision themselves behind the wheel of a vehicle or seafaring ship. Using either the stairs or the Draw Bridge Climber, children can make their way up to the elevated portion of Magician's Magic, at which point they'll discover a Gear Panel as well as two slides, either of which they can use once they're ready to return to the ground floor.
