Highlights:

- 5-point restraint system increases safety
- Made from water-resistant polypropylene
- Pairs well with the JennSwing Molded Swing Seat
- Secures children by both the shoulders and waist

Age Group: 2 to 12 years

Kids on the playground are always on the go, and when it comes to swings, it's important to ensure that kids are safely and securely fastened to their seats. The JennSwing Replacement Safety Harness is a fully adjustable safety belt component that comfortably secures children by the shoulders as well as the waist. With multiple fasteners for added safety, the JennSwing Safety Harness effectively precludes injury due to kids falling off of full-body, molded swing seats. The five-point restraint system of the JennSwing Safety Harness makes it ideal for parents who wish to keep their kids secured in their seat while they swing. This safety harness pairs naturally with the JennSwing Molded Swing Seat, and the woven, water-resistant polypropylene it's constructed increases its longevity and ensures the safety of children who use the swing for years to come.
