The unique Camel Back Kids climber features a double hump with deep rung arches that make this multi-colored event as fun to play on as to see. The climber is an affordable independent event for elementary age children. The maximum fall height is over 7 feet. The heavy-duty powder-coated steel is painted to your specifications. Choose from thirteen colors, in any combination. Most often the climber is sold as pictured with red (end color), yellow (top color), and blue (center color) or a single solid color.
