CPSC PUB #325

ADA Compliant

The perfect way to keep kids entertained and active during playtime, Victory Field is an all-in-one play structure replete with thrilling features. This play structure features a surface mount, great for playgrounds in which the ground is hard to dig into. On the ground level, the Ship's Wheel allows kids to envision themselves as a seafaring sailor, while the Single Drum enables children to create percussive melodies for all the world to hear. Moving on up Victory Field can be accomplished via the Pod Climber, the Sea Creature Climber, or the Vertical Ladder, any of which will allow kids to reach the top level. Up there, they'll find a Bubble Panel in which they can sit and absorb the outside world, as well as a Gear Panel to interact with. On Victory Field, there's no shortage of fun to be had.
