Replete with thrilling features designed to keep children engaged, Sky Scraper is an indoor playground that's great for daycares and schools alike. Starting on the ground floor, Sky Scraper boasts a number of activity panels, including a Tic-Tac-Toe Activity Panel as well as a Gyro Activity Panel, which are sure to stimulate young minds. Sky Scraper also includes an Enclosed Curved Tube Slide as well as an Enclosed Spiral Tube Slide, both of which allow kids to sail back down to the ground floor and begin the fun anew. Sky Scraper will be a godsend for kids ages 2-12, who crave a space to play that's compact yet chock full of fun-filled activities. One of the numerous benefits of Sky Scraper is that it's meant especially for the indoors, meaning that children can take advantage of it anytime, rain or shine. Please note: Surfacing tiles and ramps not included.
