The Underwater World indoor playground features a range of exciting activities and attractions that will keep your little ones entertained and engaged for hours on end. The centerpiece of our playground is the 10' Submarine, a unique and interactive play structure that will transport your child to an underwater adventure. Kids can slide down the 8' Enclosed Curved Tube Slide or climb the 4-Level Deck Climber for even more fun. With the Ball Turn Activity, your child will love watching as balls travel around and around, creating a mesmerizing visual experience. The Tic-Tac-Toe Activity Panel offers a classic game for kids to enjoy while developing their strategic skills. Parents will appreciate the Sneaker Keeper, a convenient feature that keeps your child's shoes organized and in one place. This indoor playground is designed with safety in mind, with soft play surfaces and sturdy equipment that meet or exceed industry standards. It's the perfect destination for birthday parties, playdates, or just a fun day out with the family. Please note: Surfacing tiles and ramps are not included.
