Tiny tots will tower above their peers with the aptly-named Tower for Tots Indoor Playground. This simple yet intuitive indoor play structure is a great way for kids to get excited about playing indoors again. The Tower for Tots consists of a 7-level Deck Climb designed for easy use for kids still getting their motor skills up and running. The Enclosed Spiral Tube Slide snakes around, eventually reaching the ground floor, where kids will surely be lining up to climb up and slide back down. At 14 feet high, Tower for Tots provides a natural vantage point for children to gaze down upon their surroundings, and its simplistic nature will appeal to adult caregivers, who will love watching their little ones climb and slide. Please note: Surfacing tiles and ramps not included.
