Zooming Zone Indoor Playground is jam-packed with fun activities for children to enjoy. This indoor play space has something for everyone to enjoy! Older kids who want to run around and let out some energy can race up the six levels of the KidsCube climber and descend the 11'-2" spiral tube slide to get a thrill. Children who want to use their imaginations can go to the jet or chit chat balcony to play pretend by steering through the sky or just hang out and make friends. These components are excellent for imaginative play and building social skills. The ball turn activity panel presents a fascinating way for kids to grow their sensory skills. Bring infants and toddlers to the playground, too; they will love going down the 2' tot slide! Zooming Zone Indoor Playground also features a convenient sneaker keeper for kids to store their belongings in an organized fashion. Please note: Surfacing tiles and ramps are not included.
