Twist-N-Turn Indoor Playground has loads of fun for kids at every corner! Make your way through the three-level cube climbers and see all the adventure that the Twist-N-Turn play set has to offer. Children can experiment with the drum activity panel, tic-tac-toe activity panel, or gyro activity panel. These activity panels will build their cognitive, musical, and sensory skills. There are also two 5'-6" curved tube slides for twice the fun and thrill! Kids will race their friends to the bottom and see who can slide down faster. Spark up children's imaginations with the twist-n-turn seat with a steering wheel. They will love playing pretend; the number of stories and scenarios kids will think of is endless! There is also a squeeze play and lily pad for additional fun. When it's time to leave, kids can retrieve their belongings that were left safe and sound in the sneaker keeper. Please note: Surfacing tiles and ramps are not included.
