**Assembled Dimensions:** 102" x 74" x 72"

**Capacity:** 12-18

**Use Zone:** 15' x 12'

The Snails Infant Play Center is sized perfectly for infants and toddlers, who will relish the opportunity to play on it time and time again. Replete with thrilling play elements, Snails Infant Play Center enables little ones to slide, climb, steer the driver's wheel, and much more. The curved, chute-style slide is snail-like in appearance, and is appropriate considering its name as well as the various pictures of snails that adorn the Snails Infant Play Center. For adventurous tikes, the Infant Rocky Ramp offers footholds and handholds to help them make their way up to the covered portion of the playset. Inside, they'll find a mirror that will reflect their happy faces, as well as a driver's wheel that they can use to "steer" the playset. Like the shell of a snail, the overhead roof provides kids with protections from the sun and other outdoor elements.
