The Kids Kabin Infant Play Center features a log cabin-themed play area with several activities for infants and toddlers to enjoy. This playhouse is made from recycled structural plastic, making it environmentally friendly! Young kids can use their imaginations and pretend they are living in the pioneer days with this themed playground structure. Three steps with picket handrails for safety lead to a mini deck. Up there, kids can use the square gear interactive panel where they can interact with the square gear panel: a great component for learning and sensory play! Then go down the small, textured slide for a thrill. Children will also love hanging out inside the log cabin with a bench seat to rest and a roof for shade. This is a great spot to take a break, socialize, and play pretend! The Kids Kabin Infant Play Center is a great playground addition to any daycare, school, or park. Young children will enjoy the benefits of play while building physical, cognitive, and social skills.
