Butterfly Hill is a specially designed play center for small kids ages 6 months to 23 months. Packed with interactive spinners and gears, this playset encourages the development of coordination and fine motor skills, and provides endless exploration opportunities for young adventure-seekers. Butterfly Hill features cutouts of butterflies as well as windows, through which children can easily view both the inside and outside of the play center; alternatively, they can gaze into the mirror panel to see their own reflection. To ensure maximum comfort, Butterfly Hill comes complete with a dolphin-gray flooring made of padded, high-density polyethylene, making it perfect for indoor or outdoor play. Butterfly Hill exudes an outdoor vibe, and its walls are adorned with an apple maze as well as other shapes that engage and delight the senses.
