Modestly sized yet packed with exciting features, Foxy is a relatively small playset that brings a great deal to the table. The Rock Wall and Arch Climbers will invite kids to test their climbing skills, and in so doing, improve their balance and coordination. Two twin slides will provide hours of excitement as kids whoosh down, climb back up, and whoosh down again. The benches underneath Foxy provide ample shaded space for kids who want a break from the sunlight, while the Chime Panel will allow children to create their own bell-based rhapsody. The centerpiece of Foxy is, as the name suggests, a beautiful, close-up photo of a fox, contained within a huge, full-color photo panel. There's no shortage of fun to be had on Foxy, and any kids who use it will have the time of their lives.
