Compact yet chock full of fun, Panda will make a great addition to any playground or outdoor space. Preschoolers will relish the opportunity to get outside and play on Panda. Kids will immediately notice the Chime Panel, and with it, budding musicians can create catchy, chiming rhapsodies for the entire playground to hear. Each chime is specially tuned by Nature of Early Play's master craftsman to ensure beautiful tones for years to come. Stepping up to the topmost level of Panda, kids will notice the Bubble Panel, in which they can sit and rest while peering out at the rest of the playground. The slide attached to Panda will enable kids to have safe and fun sliding experiences. The Panda Photo Mirror Panel is arguably the most easily noticeable aspect of Panda, which, true to its name, consists of a beautiful, lifelike photograph of a wild panda.
