### COMPLIES With:

ASTM F1487-17

CPSC PUB #325

Hop into our brand new play set that is sure to bring a smile to you and your child's faces! Our Tree Frog preschool play set is perfect for small spaces and small budgets. Kids will absolutely love scrambling up the attached rope net climber to the center platform, where there are two colorful little tree frogs waiting to greet them at the top! Two more frogs watch over outside the play area. There is fun imagery for preschoolers at every angle. If the rope net climber isn't the way a child wants to go, there is also a small staircase with handholds leading to the top. When it's time to come down from the center platform, there is a slide leading back down to the bottom. The light surface texture on the slide provides a bit of friction for safety while still being slick enough to provide your child with plenty of fun. This preschool play set is an exciting way to allow your child to be more connected with nature. Our customers frequently mention how this playset becomes the centerpiece of their children's outdoor activities, providing endless hours of enjoyment.

### Enhanced Safety and Durability

Our Tree Frog playset meets all ASTM and IPEMA standards for playground safety. Crafted from high-quality, sustainable materials, it is designed to withstand the rigors of outdoor play while ensuring the safety of your little ones.

### Engaging Educational Features

Enhance your child's motor skills and imagination! Our playset includes features that are not only fun but also educational. [\[Read More\]](#)
