Designed for use outdoors, the Upright Storage Cabinet is an intuitive storage solution for outdoor spaces that could use some organization. The Upright Storage Cabinet is made with heavy-duty recycled plastic and features stainless steel hinges and hardware, making it more than capable of withstanding the outdoor elements. Featuring four adjustable shelves, the Upright Storage Cabinet will serve as a useful way to keep your outdoor classroom neat and tidy. The Upright Storage Cabinet ships fully assembled, meaning you won't have to worry about finding the right parts or tools to put it together. Teachers will greatly appreciate the storage capacity of the Upright Storage Cabinet, which will allow them to keep their outdoor classroom free of tripping hazards like toys and books.
