Shine a spotlight on your playground with the Moonlight Imagination Station. As its name suggests, this play structure features a variety of play elements designed to stimulate the physical and mental energy of kids ages 2-5. On the ground floor of the Moonlight Imagination Station, kids will find a pair of Bongos and a Rain Wheel, both of which enable kids to play in differing yet fun ways. Moving on up the structure is enabled by the Fish Stairs as well as the Transfer Station, the latter of which is ideal for kids in wheelchairs. Once on the deck, kids can engage with the Tic Tac Toe panel, perhaps challenging their friends to a game, while the See Through and Window Panels offer views of the outside world.
