True to its name, the Starbright Imagination Station encourages children to use their imaginative power to utilize unique new avenues of play. With so many ways to play, kids on the deck and on the ground below will have no trouble keeping their minds and bodies active. As kids first approach the structure, they'll immediately notice the Chimney Roof, which gives the Starbright Imagination Station a quaint, homey feel. On the ground floor, children can interact with the Bongos and the Rain Wheel, and when finished, they can sit underneath the structure's shade and look through the Store Panel. By Ascending the Fish Stairs, kids can access the rest of the amenities, including the Tic Tac Toe Panel and the Clock Panel. Lastly, they can whoosh back down to the ground with the help of the Hard Hat Right Turn Slide.
