Ideal for children who love bridges and slides, Medford is a play structure with a little something for everyone. At the ground level, Medford boasts a pair of Bongos as well as a Single Drum, which are ideally situated right next to each other for little ones who wish to create a percussive rhapsody for the entire playground to hear. Additionally, the Ship's Wheel helps kids to envision themselves behind the bow of a roving pirate ship, great for imaginative minds. The Vertical Ladder and the Figure Climber enable children to ascend Medford, where they'll find a Wave Slide, a Double Slide, and a Right Turn Slide ready to whoosh them back down to the ground. There's no shortage of ways to get kids active on the playground with Medford, a wonderful all-in-one play structure.
