COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

Fern Hollow is an enclave of active play and exciting thrills, just waiting for kids to climb aboard. When it comes to playgrounds, play structures are the best option to bring kids together and activate their sense of imagination. They help children better enjoy their time outdoors in ways that stimulate their minds and bodies. Fern Hollow offers a wide range of play avenues for kids at play. Starting on the ground level, little ones will find a great deal to get excited about. The Rain Wheel and Ship's Wheel can be twisted and turned as part of imaginative play, while the Single Drum can be used to create a percussive rhapsody. The upper deck of Fern Hollow can be reached via the Vertical Ladder or the Sea Creature Climber, after which kids can take advantage of Wave Slide, the Spiral Slide, or the Left Turn Slide to whoosh back down to the ground. There's no shortage of ways to play on Fern Hollow.
