---

Summer days can be hot and sunny, but with Coconut Grove, your playground-goers need not worry about overheating. Its expansive awning is designed to fit several children at once underneath, offering them a cool spot to play or simply take a load off and rest. Coconut Grove features a wide variety of play elements both on the ground and on its deck. Starting on the ground floor, Coconut Grove features a Bench Panel for kids to lounge around in the shade. Meanwhile, a bevy of climbers, including the Jungle Climber, the Sea Creature Climber, and the Lotus Climber, allow for quick, easy access to the upper deck. Once there, kids can zoom back down to the ground using the Straight, Left, or Right Turn Slides.
