MSRP \$12.50

SALE \$10.50

COMPLIES With:

ASTM F1487-17

CPSC PUB #325

In the sphere of safety surfacing, rubber mulch undoubtedly offers an unrivaled combination of cost-effectiveness and safety value. This particular variant, blue rubber mulch, boasts both aesthetic charm and functional purposes, thereby making playgrounds aesthetically pleasing and ensuring a safe environment, given it is applied at sufficient depths. The unique hue of the blue rubber mulch enhances the prominence of your existing playground equipment, especially when observed from afar. When presented with an option between playgrounds decked with black rubber mulch or blue rubber mulch, children are naturally inclined towards the vibrancy of the latter. Available in affordable 40-lb bags, blue rubber mulch allows for ample coverage of your playground's surface area, if procured in sufficient quantity - an alluring yet welfare-oriented investment.
