**Age Group:** 2 to 5 years

Built for comfort, safety, and fun, the Small Child Adaptive Swing Seat aims to provide children the means to fully enjoy their outdoor playground experience. This swing seat is perfect for children of all ability levels, and puts a special emphasis on catering to those who may not be able to fully enjoy conventional belt or bucket seats. With its high-quality plastic mold, the Small Child Adaptive Swing Seat keeps kids secure and comfortable while a peer or parent pushes them from behind. The seat also comes complete with a five-point safety harness, which ensures children remain fastened to the Small Child Adaptive Swing Seat. There's no shortage of fun to be had with this adaptive swing seat, which will delight parents and children alike.
