The Half Arch 2 Plastic Playground Climber has a unique look that really draws attention from kids. The popular Tortoise panels are connected to create the half arch-climbing wall. Tortoise panels come in many configurations that create endless fun for kids as they create new routes as they climb. The distinctive look of this climber encourages creative thinking and while playing on this climber, kids will think up all kinds of fun adventures as they play with their friends. The Half Arch 2 Plastic Playground Climber is designed for kids from age 2-12 and offers an easy fun way to build climbing skills and develop physical fitness. Tortoise panels are designed for heavy use at busy playgrounds, and they are built to last. This climber is designed for mounting in-ground; this is a necessary step to ensure compliance with CPSC and ASTM playground safety regulations.
