COMPLIES With:

ASTM F1487-17

CPSC PUB #325

Designed for a smaller use zone, the Keeper of Kings Playground Structure is an ideal structure for daycares or early childhood development centers. Don't let its size fool you though, as this structure is full of components that will keep children entertained for hours such as a 90-degree curve slide, a wave slide, a bubble panel, a zipper climber, a coil climber, and a below level deck bench. Constructed for commercial use, the Keeper of Kings Playground Structure is built for years of heavy use and meets ASTM and CPSC guidelines to create an apparatus that will please children's need for fun and adult's requirements for safety.
