The Freestanding Tri-Rung has a row of triangle shaped rungs and side ladders to help the child safely mount and dismount the playground equipment without the need to jump. This playground climber challenges children to test their physical strength and endurance. As a child masters the Freestanding Tri-Rung, they gain self-confidence and superior physical ability. This is a great addition to any park or playground, kids and parents both enjoy this piece of playground equipment. Kids love it because it is a fun, challenging event they can enjoy while playing with friends. Parents love it because Sii is a known for its commitment to child safety, and strictly follows playground safety regulations. The overhead climber is also manufactured using the highest quality materials and is designed for durability.
