COMPLIES With:

ASTM F1487-17

CPSC PUB #325

The Tuff Stuff Playground System is designed to engage a child's upper and lower body strength along with stimulating them mentally. Included in this structure are a bubble wall climber, talk tube, zipper climber, bedrock climber, triple rail slide, and more than five different interactive activity panels intended to promote stronger motor skills. This structure is for commercial use, making it appropriate for use in public parks, schools, daycare centers, and neighborhood playgrounds. The Tuff Stuff Playground System does meet ASTM and CPSC guidelines for safety standards and is customizable in a variety of different colors.
