

Extended Length Basketball Backstop

MSRP \$1,653.00

SALE \$1,389.00

Highlights:

- Longer arm to help it extend out further
- Available in multiple shapes and materials
- Great addition to outdoor courts
- Makes it safer for the players

This extra heavy duty backstop produces an exceptionally durable and safe basketball activity. Great for commercial use in a park, school, neighborhood, or church. The main post comes with a 6 or 7 foot extension and is built with heavy-duty galvanized steel pipe. The long extension reduces the risk of a player making contact with the support post, thus reducing injuries. The stabilizing support post is 3.5 inch OD galvanized steel pipe. Comes complete with backboard, double-strength super goal, and steel chain net.
